

### Word of the Week:

### **pangram MEANING:**

**A sentence that contains all of the letters of the alphabet**

Please discuss this with your child! They may even like the challenge to create the sentence!

### HOME LEARNING DAY

What a wonderful day with some amazing projects. Thank you for the effort that has gone into so many different projects. From Titanic to Transport projects the range and diversity was vast and it is clear that families worked together on these, which is lovely to see.

### Comic Arts Festival

Our year 4 children have produced some superb art being displayed in the Oxfam window in Kendal. It would be wonderful if you are in Kendal, to walk by and vote for our school. Thank you for supporting our children whether you have a child in year 4 or not. Congratulations children what superb art!

### Parents Evenings - October

All appointments should hopefully have been made now for Monday and Tuesday. If you have been unable to attend we will hopefully get in touch by telephone as soon as possible to discuss your child.

### Wearing Coats

One aspect of our newsletters I have been very keen to ensure, is that our newsletters reflect the wonderful things our school does and keep you informed on a weekly basis. I must have a gentle reminder however that many children are arriving in school without coats. The weather is typically wet and changeable and we do require children to wear coats to enable them to play out and go home in the rain. Please can you send your child in

a coat as the Autumn weather is, I suspect, not going to be dry even if the day starts warm and bright.

## European Languages Day

Whether it was making pizzas in the early years pizza oven outside, visiting Platos to make and eat pizzas or speaking to visitors and craft, our children had a superb time exploring new cultures and languages. Thank you to everyone who joined in and shared their knowledge and resources to make the day a very memorable learning experience.

## National Poetry Day

On Thursday we celebrated National Poetry Day throughout the school – meeting in the morning during worship time to share poems, reading them out and also performing poems.

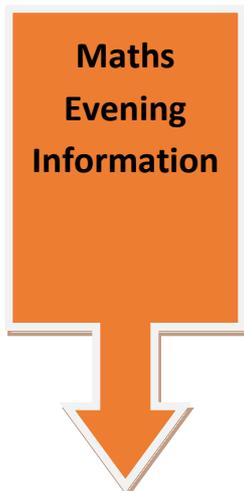

## School Video

Please take a look at our website which has a new video tour of our school put together by year 6 in the first few weeks of this term as part of their English lessons. The children provide a superb commentary of our school. It is also available on:

<https://youtu.be/PF2EmVLpar0>

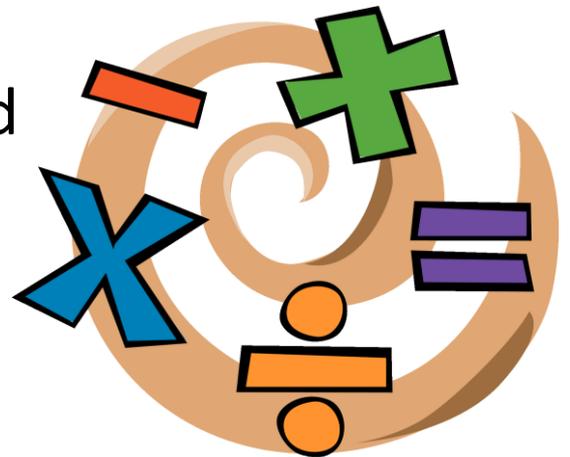

## Maths Calculations Evening

**Maths  
Evening  
Information**

# Maths Evening

We are inviting parents and families from Reception to Year 6 to our Calculations Event.

All of our staff will be in the school hall on October 18<sup>th</sup> 3:30-4:30pm to share how we add, subtract, multiply and divide. There will be a chance to go into classes after our whole school presentation. Booklets will be provided to support the night.

We hope session will really help parents support their children.
