## **Subject Statement**

### **Intent**

Our vision for music is that we provide every child with high quality music experiences which engage and inspire them. We provide opportunities for all children to create, play, perform and enjoy music and to appreciate a variety of music styles. We aim for every child to leave St Mary's Primary School with a range of musical skills, knowledge and an understanding and love of music which they can carry with them for the rest of their lives.

### **Implementation**

At St Mary's Primary School we encourage children to participate in a variety of musical experiences through which we aim to build up the confidence of all children. Singing is an integral part of our school life and our teaching focuses on developing the children's ability to sing in tune, developing their expression and ability to listen to others. Pupils' understanding of music will be developed through activities which bring together the requirements of performing, composing, listening and appraising. Children are taught to make music together with tuned and un-tuned instruments and to compose pieces. They are also taught to sing and play in time, controlling the sound and pace. They are taught different ways to represent sounds graphically and symbolically.

### **Impact**

Children will:

- enjoy and appreciate a wide variety of musical styles;
- explore how sounds are made, and how music is produced by a variety of instruments;
- develop imagination and creativity;
- build a sense of pulse and rhythm;
- understand a range of musical vocabulary;
- develop the interrelated skills of composition, improvisation, performance and appreciation;
- enjoy a wide range of songs and sing in tune;
- develop positive attitudes and to experience success and satisfaction in music.

## **Teaching and Learning**

### **Music in the Early Years**

We teach music in Nursery and Reception classes as an integral part of the topic work covered during the year. As part of the Early Years Foundation Stage of the National Curriculum, we relate the musical aspects of the children's work to the objectives set out in the Early Learning Goals (ELGs). Music contributes to a child's personal and social development. Counting songs foster a child's mathematical ability, and songs from different cultures increase a child's knowledge and understanding of the world. Nursery and Reception classes also have access to the Charanga Music Scheme.

### **Key Stage One and Two Curriculum**

Our school uses the Charanga scheme (from Cumbria Music Service) as the basis for its curriculum planning. This scheme has an integrated, practical, exploratory and child led approach to musical learning. The learning within this scheme is based on:

- Listening and Appraising,
- Musical Activities (including Creating and Exploring)
- Singing and Performing.

While there are opportunities for children of all abilities to develop their skills and knowledge in each unit, the progression planned into the scheme of work means that the children are increasingly challenged as they move through the school. All musical learning in the scheme is based around the Interrelated Dimensions of Music; pulse, rhythm, pitch, tempo, dynamics, timbre, texture, structure and notation.

### **Additional music teaching**

Children can play the recorder in Year 3 and learn a brass instrument in Year 4. There is a Key Stage 2 choir which children are encouraged to join. The whole school also takes part in fortnightly singing assemblies.

### **Musical events**

Children take part in singing practice, assemblies and have opportunities to perform in public, for example classes of children have been invited to sing in the local community at Residential Homes, at the local church and as part of the local Christmas Fair performances in Kirkby Lonsdale. Children are also given the opportunity to listen to a range of music at the beginning and end of our assemblies. At Christmas time

Reception perform a nativity play and in Summer term year 6 and KS1 also put on musical performances/plays. At other times of the year e.g. Harvest, Easter year groups or the whole school get together to provide appropriate musical entertainment. Christmas and Summer concerts take place to provide an opportunity for those learning instruments to perform or sing and there is also a whole-school yearly Charanga concert where each class performs one of their pieces to the rest of the school.

## **Resources**

The following resources are available to aid the teaching of music at St Mary's Primary School;

- Charanga music scheme – all teachers and TA's who teach music have individual logins,
- sound system,
- laptop and projector in the hall
- piano to accompany hymn singing
- a selection of un-tuned percussion instruments
- tuned instruments – glockenspiels and recorders

## **Assessment**

Children demonstrate their ability in music in a variety of different ways. Teachers will assess children's work in music by making informal judgements as they observe them during lessons. Video recordings are made of live musical performances for the children to use as self-assessment and photos are also taken to record evidence. Staff have been trained on how to upload video and photo evidence onto each child's Charanga profile which moves with each child through their school journey from Reception to Year 6, clearly showing the progression of knowledge and skills by the end of their primary school experience. On completion of a piece of work, the teacher will also assess the work and give oral feedback. Older and more able pupils are encouraged to make judgements about how they can improve their own work. The Teacher Assessment files on Charanga are used to aid Teachers in their assessment judgements.

## **Equal opportunities**

Activities should be carefully planned by the class teacher and be differentiated where appropriate for children with SEN and equally the more able and Gifted and Talented children. All resources/materials have been reviewed with equal opportunities in mind, e.g. race, gender, ethnicity. Learning experiences in music will be available to every child, regardless of race, gender, class or ability. Pupils will be encouraged to value social and cultural diversity through musical experiences. They will listen to, and participate in, a variety of experiences in a positive and constructive role.

## **Inclusion**

We recognise that in all classes, children have a wide range of musical abilities and so we seek to provide suitable learning opportunities for all children by matching the challenge of the task to the ability of the child. We achieve this in a variety of ways:

- setting tasks which are open-ended and can have a variety of responses;
- setting tasks of increasing difficulty;
- grouping children by ability and setting different tasks for each group;
- grouping children in mixed ability groups;
- providing resources of different complexity,
- depending on the ability of the child;
- using classroom assistants to support the work of individuals or groups of children.

## **Role of the Subject Leader**

The coordination and planning of the music curriculum are the responsibility of the subject leader, who also:

- keeps colleagues and school governors informed about developments in music and provides a strategic lead and direction for the subject;
- discusses progress with the Head Teacher and evaluates strengths and weaknesses in music;
- reviews the success of the Charanga music scheme and reviews evidence of children's work;
- arranges external music providers to work with different year groups;

## **Parents**

At St Mary's we actively encourage the involvement of families and the wider community to help support the teaching and performing of music. Parents and carers are involved with supporting their children by being invited to watch various performances, concerts and Church services.
